Volume 3 #1 – January 2012

ALLURING

Looking for the perfect place to escape the hustle and bustle of everyday life? Then take some time out at Bali's Arsana Estate.

Descending down the terraced hillside of a beautiful two-hectare estate in Tabanan, this four-bedroom estate fuses sleek modern living with lush tropical surroundings to create the ultimate private retreat. With both swimming pool, fully stocked bar, massage beds, a games room and dedicated home theatre the hardest decision is deciding where to chill out.

Ask your very own butler to mix you a margarita, the chef to fix you a mouth watering meal or the villa manager to arrange a spa treatment, you need not lift a finger – just focus on unwinding and relaxing. If you do decide to explore further afield there's a driver and car at your disposal, however a walk through the local village and neighbouring rice fields is simply a must.

Be warned there's no crazy traffic or hot sun here.

Should you wish to celebrate a special occasion then the stunning sunsets over the jungle provide a magnificent backdrop. Whether it's a wedding, cocktail reception or intimate dinner party, Arsana Estate is the ideal choice for a once-in-a-lifetime experience [guests will never forget!](http://www.arsanaestate.com)
